

Contract rectangular table Apollo

697 usd

- The removable legs made of sturdy 10 mm steel with a bold design leave plenty of legroom.
- The wood can be individually tinted or painted in the RAL and NCS palette in your desired shade/colour.
- Winner of the DESIGN AND DESIGN INTERNATIONAL AWARD. Paris, France, 2016.
- The table top is designed to accommodate 4-6 people.
- Designed and manufactured in Ukraine, with love!

Apollo is a modern dining table for public spaces and dining areas. Despite its ascetic forms and austere image, Apollo has a childlike imagination: the legs of the table represent the supports of the Apollo spacecraft's lunar module, which with their strength hold the conquered new earth in place.

Designer: Sergei Lvov
